### Introduction to Topographic Maps

1. Color in areas with the following elevations:
  - Between 1,000 and 2,000 feet = yellow
  - Between 4,000 and 5,000 feet = orange
  - Between 6,000 and 7,000 feet = red
  - Between 10,000 and 11,000 feet = purple
2. Challenge Question: What is the elevation of the contour line the arrow is pointing to?
