

Weird Creature Adaptations

**Learning Target:
I can infer features
of an organism's
habitat based on its
visible adaptations.**

DIRECTIONS:

- 1. Look at the image for 30 seconds without writing anything.**
- 2. Write down 3 to 6 adaptations you observe.**
- 3. With your partner, discuss what sort of habitat these adaptations would be well suited for.**
- 4. Write down what you can infer about the animal's habitat.**
